The **SUNCORP** advantage:

Variety & Design:

The wide choices available from the vast array of styles, fabric and colour options makes **SUNCORP** stand apart. We specialize in customizing our products to meet the specific needs of our clients.

Product & Promotion:

The production is supervised throughout the entire process right from the concept to delivery. Quality is assured as particular attention is paid to every detail. We can Screen print or embroider your logo or design as per specifications provided.

The Environment:

As our bags can be reused many times over they not only provide publicity for your brand/organisation but also reduce the need to use wasteful paper bags and harmful plastic bags, this benefits the environment as well as the company associated.

At **SUNCORP** we believe in the three “R” policy of **Reduce Reuse Recycle**

Quantity Flexibility:

We do not insist on minimum quantities, whether it is 500, 5000 or 50000 bags, we are comfortable with small & large quantities. Our bags are custom made as per the specific requirement and delivered worldwide within a specified time schedule depending on the quantities ordered.

Sampling Process:

Samples can be custom made with nominal costs as per the specific client requirement and can be dispatched within a period of *15 working days depending on the style. *Transit time not included.

Competitive Pricing:

Although quality comes at a price, we believe that if our customer is looking at a target price, then we try our best and match that.
